“Let no man say ... ‘why don’t they do something?’ There is no they. There is just us – you and me – free men and women, responsible individuals.”

– John L. Peters

Few people in contemporary times have had the uncommon vision and exemplary courage required to change the lives of the less fortunate like John L. Peters who launched World Neighbors in 1951. His keen intellect, matched with his deep desire to help others, created a movement that, to this day, continues to impact millions of his *neighbors* throughout the world.

The John L. Peters Society was established to honor World Neighbors founder and those generous supporters who are making it possible to carry his dream forward.

Today we invite you to join these other dedicated supporters who share Dr. Peters’ vision. Members of this special group know that World Neighbors is one of the most efficient and most effective organizations working with rural villages around the globe.

For an investment of as little as \$2.74 a day (\$1,000 for the year), you can become a member of the John L. Peters Society and fund an entire year of life-changing programs for not just one but 50 villagers living in the most remote parts of Asia, Africa and Latin America. You will help them grow more food for their children, build wells for clean drinking water, learn to read and write, start a savings and credit group, access lifesaving medicine, prevent deadly disease and conserve the natural environment.

As a member of the Society, you will play a vital role in the life of World Neighbors and, more importantly, in the lives of our *neighbors* around the globe working to build better futures for their families, their communities, their countries and the world.
